

Rittal – The System.

Faster – better – everywhere.

► WK Frame Window Kits

Rittal WK Frame Window Kits: The clear winner now and in the future.

The WK Frame Window Kit is used as a viewing window of components mounted in the enclosure. It is designed to protect components mounted on enclosure panels.

Rittal's polycarbonate window offers advanced UV blocking technology that promotes outdoor weathering performance and resistance to color shift.

It is aesthetically appealing and fits on the usable area of Rittal's standard wallmount, free-standing TS8/SE8 and other enclosure panels.

Rittal's WK is FTTA UL Listed and rated for UL Type 12/3R/4 for carbon steel and 12/3R/4X for stainless steel.

For complete details on the entire line, visit www.rittal.us.

- UL Listed, Type 12/3R/4/4X
- Available in carbon, 304 and 316L stainless steel
- Oil-resistant foamed-in-place gasket ensures tight seal around the entire window and enclosure opening
- Electrophoresis dip-coat primer with powder-coat surface for carbon steel WK version
- WK frame is made from 14 ga. material
- 1/4" thick polycarbonate viewing window for clear visibility
- Advanced UV resistant window for long-lasting outdoor performance
- All required hardware is included along with assembly and cut-out instructions
