AX 1444.000 Plastic enclosures AX

State: 01/09/2024 (Source: rittal.com/com-en)

AX 1444.000 - Plastic enclosures AX without viewing window

AX plastic enclosures are ideal for applications in challenging situations. Numerous mounting bosses inside the enclosure allow individual interior configuration on a 25 mm pitch pattern, e.g. with punched sections and rails.

Features

AX 1444.000
without viewing window
Enclosure and door: Fibreglass-reinforced unsaturated polyester
Door: All-round foamed-in PU seal
Mounting plate: Sheet steel
Fire protection corresponding to UL 94-V0
Halogen free
Enclosure and door: Dyed plastic with no after-treatment
Mounting plate: Zinc-plated
Similar to RAL 7035
Enclosure with hinged door, of all-round solid construction, 3 mm
double-bit lock
Door hinged on the right, may be swapped to the left
Mounting plate
Twin seal on the top and bottom edges of the door as integral rain
protection strip

Enclosure (Plastic enclosure AX without viewing-window)

Housing with door:

Insulated housing, class II according to VDE 100, part 410 with hinged door, 3 mm double-bit insert.

Body made of one piece of impact resistant, glass fibre reinforced and unsaturated polyester, self-extinguishing according to UL 94 V-0.

Temperature resistant between -30°C and +75° C Colour similar to RAL 7035.

Double sealing at upper and lower edge of door as a rain protection strip.

Body encapsulated and with numerous fastening domes for interior fittings.

Doors with circumferential foamed-in PU foam seal,

© Rittal 2024

circumferential door reinforcement frame with fastening domes for the door installation.

Door with 130° hinge in stainless steel, door opening angle 130°, door hinge can be changed from left to right. Integrated runner on the underside of the door.

Mounting plate: with keyhole for earthing, with dimensional imprint, fastened with Limbach nuts.

OR Code:

Printed QR Code on body, mounting plate, door and typeplate for clear identification and for easy access to relevant product information and documentation, and clear traceability of the individual parts.

Accessories:

Mini comfort handle, locking inserts, universal angle Wall mounting bracket, system punched-sections, mounting brackets, wiring plan pockets, door stay, screws for interior fittings.

Material:

Housing, door: glass fibre reinforced, unsaturated polyester GRP Surface finish: not post-treated,

dyed plastic

Mounting plate: sheet steel, galvanised

Fire behaviour Material: according to UL 94 V-0

Approvals and protection classes: Material approved to UL 746 C

Protection class according to IEC 62 208: IP 66
Impact protection according to IEC 62 262: IK 09
Protection class according to UL 50E: Type 4X
Cabinet approved according to UL 508A
Protective insulation, class II at 1000 V AC

Dimensions (W x H x D): 400x400x200 mm
