Features

Dimensions	Width: 600 mm Height: 358 mm Depth: 600 mm
Installation height for components	6 U
Load capacity	max. 300 N
Note	Max. installation depth: Depth - 58 mm to rear panel Max. distance between two 482.6 mm (19") levels: Depth - 104 mm The maximum door opening angle is 210°
Basic material	Sheet steel
Packs of	1 pc(s).
Weight/pack	24 kg
Net weight	22.8
Gross weight	23
PCF/PU (cradle-to-gate)	91.4 kg CO2 eq (Cat B)
Note on the PCF class	Category B: PCF value (cradle-to-gate) approximated based on product weight and self-declared
Customs tariff number	94032080
EAN	4028177551435
E-Number Sweden	E7239531
ETIM 8	EC002500
ETIM 7.0	EC002500
ECLASS 8.0	27180208

6 U IT-wall/standing enclosure in flat pack form for tool free assembly

6 U wall/standing enclosure with depth adjustable 482.6mm (19") mounting level in the 25mm pitch pattern, consisting of wall part, two carrying bars, roof and gland plate, each with cut out for feeding cable, covered with brush strips, two 482.6mm (19") mounting angles, two lockable side panels and a lockable glazed door.

The enclosure is built up with snap connecting elements without tools. The symmetrical basic construction makes a build free of confusion possible.

Freely selectable doorstop. Static load capacity of the 482.6mm (19") level: 5 kg/U. Roof and base frame and side panels each with two ventilation fields for passive ventilation, an extension to active air conditioning is possible with fan motors which can be obtained separately, ventilation fields which are not required can be closed with cover plates which may be obtained separately. Use in the form of a standing enclosure is possible with levelling feet which may be obtained separately. Additional rear 482.6mm (19") mounting level possible with horizontal rail sets which may be obtained separately.

Material:

Sheet steel, glazed door with pane made of single pane safety glass

Surface finish:

Powder-coated in RAL 7035 Dimensions (W x H x D):

600 x 358 x 600 mm, 6 U
