SZ 2438.800 - Corrosion protection primer

Single-component primers are ideal to protect against corrosion in areas where the paint has been removed due to cut-outs or similar. This serves to re-create corrosion resistance in the paint-free area. The primer satisfies the requirements of standard IEC 61439 for low-voltage and switchgear assemblies.

Features

Model No.	SZ 2438.800
Product description	Single-component primers are ideal to protect against corrosion in areas where the paint has been removed due to cut-outs or similar. This serves to re-create corrosion resistance in the paint-free area. The primer satisfies the requirements of standard IEC 61439 for low-voltage and switchgear assemblies.
Benefits	Exceptional bonding Active protection from corrosion Very high filling force
Colour	Dark grey
Contents	1,000 ml
Delivery form	Paint tin
Packs of	1 pc(s).
Weight/pack	1.31 kg
Customs tariff number	32129000
EAN	4028177701977
ETIM 7.0	EC001899
ECLASS 8.0	27409253
